Degree Benefits
This program of study provides a broad-based education in various functional areas of business. This degree equips you with skills required to compete successfully in the field. Graduates have exposure to public speaking and written forms of business communications, as well as fundamentals financial skills. These skills are useful for those seeking employment in the private and public sectors.

Job Options
Opportunities exist today for the finance-related professions within the banking industry, with investment companies, with insurance firms in the public sector, and in consulting

Program Objectives
Upon successfully completing this program, you will have:
• Training in modern finance skills.
• Training in management skills.
• Preparation for graduate studies.
• A strong foundation of advanced knowledge that is highly regarded in the business world.
• Preparation for professional certification.

University Resources
The Department of Business and Economics features the close personal involvement of dedicated faculty typical of a smaller institution that specializes in teaching. At the same time, the department offers the broad scope of modern support technology found at larger universities. Based on a tradition of teaching excellence, Cal U offers a strong association among students and faculty.

Several of our students take part in the finance internship program in which they spend a term or summer session working in an area business, industry, government agency or professional office. A number of these on-the-job experiences have led to permanent employment. Students may pursue professional certification such as Certified Financial Planner (CFP) and Certified Financial Analyst (CFA).
Hohoho.
