# Enrollment Data Summary

---

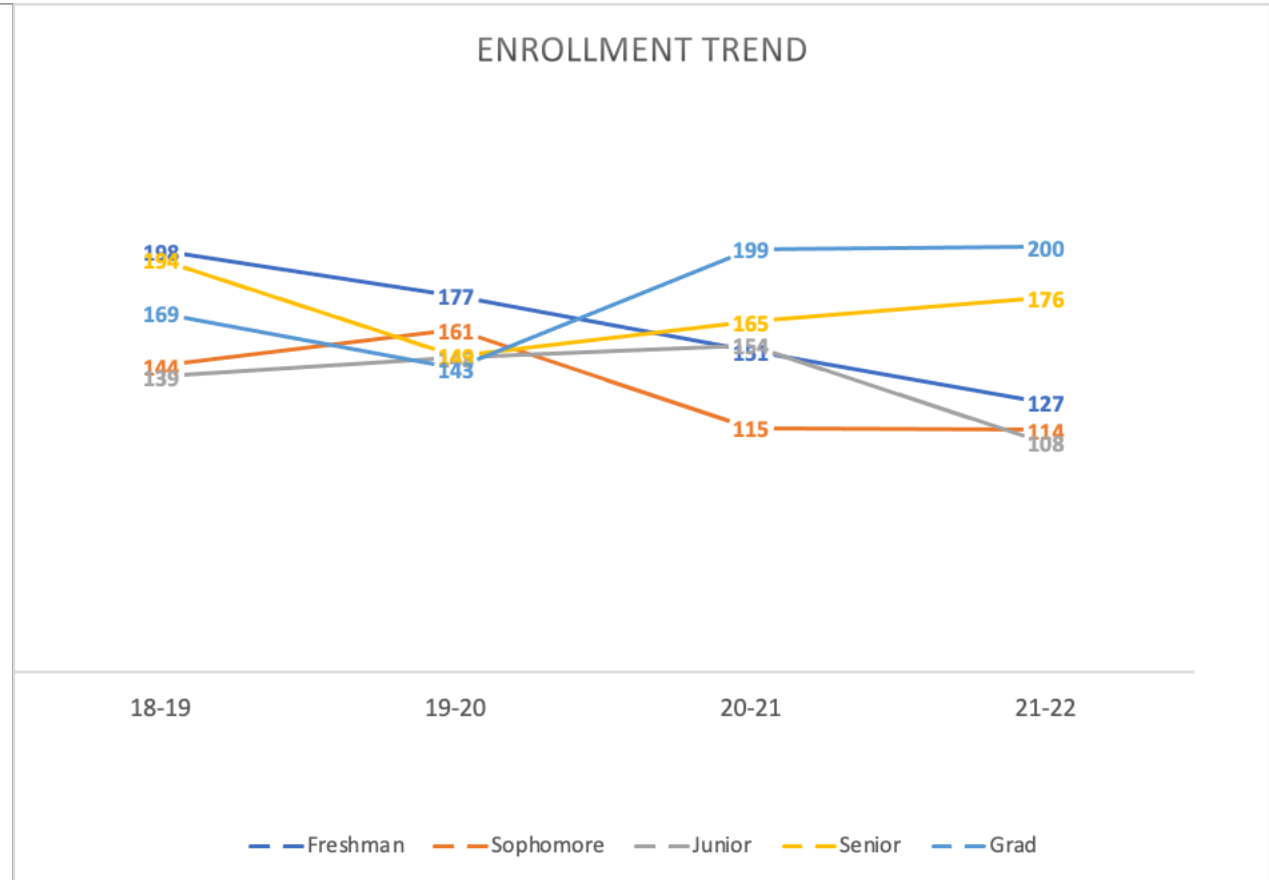

BUSINESS, ECONOMICS & ENTERPRISE SCIENCES

A solid red horizontal bar at the bottom of the slide.

# Enrollment Trends

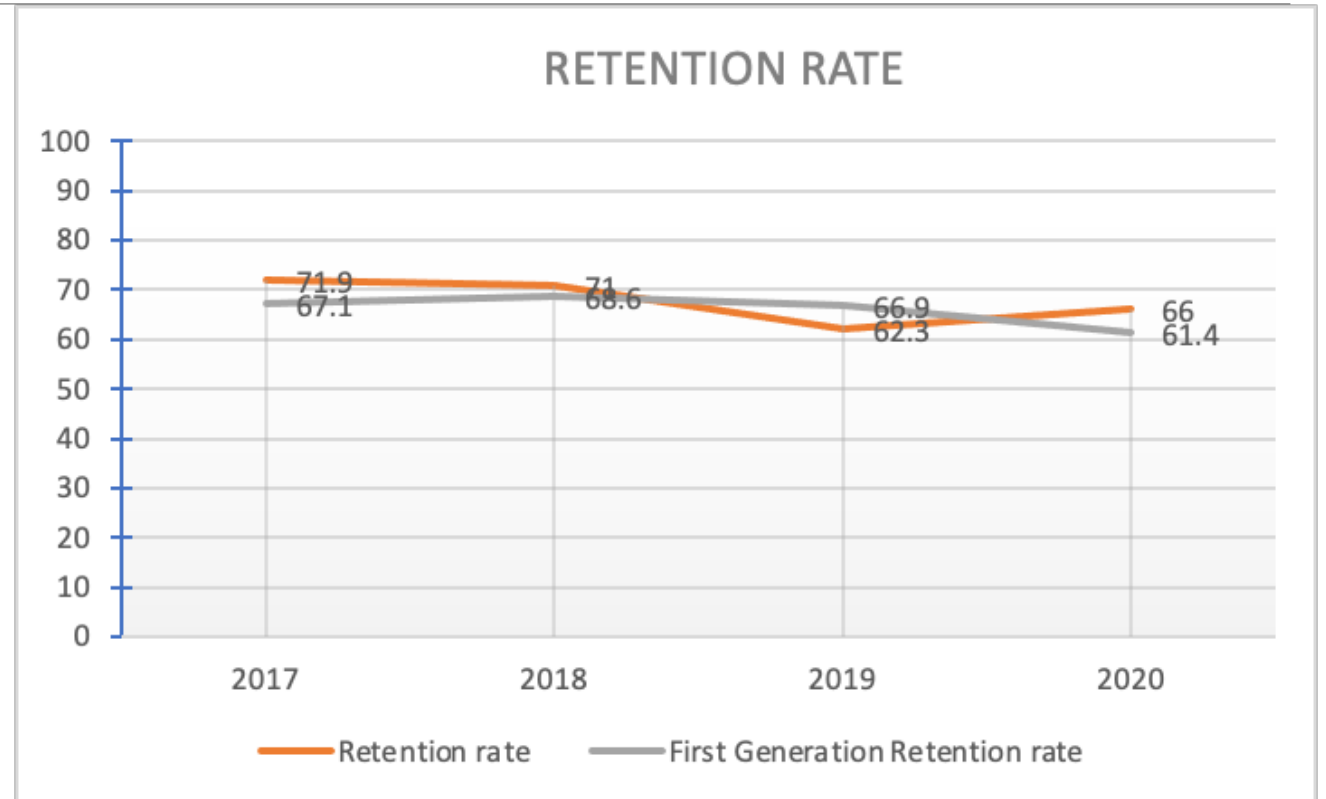

Overall undergraduate enrollment has declined 22% over this 4-year period.

Graduate enrollment has increased 18% over this period.

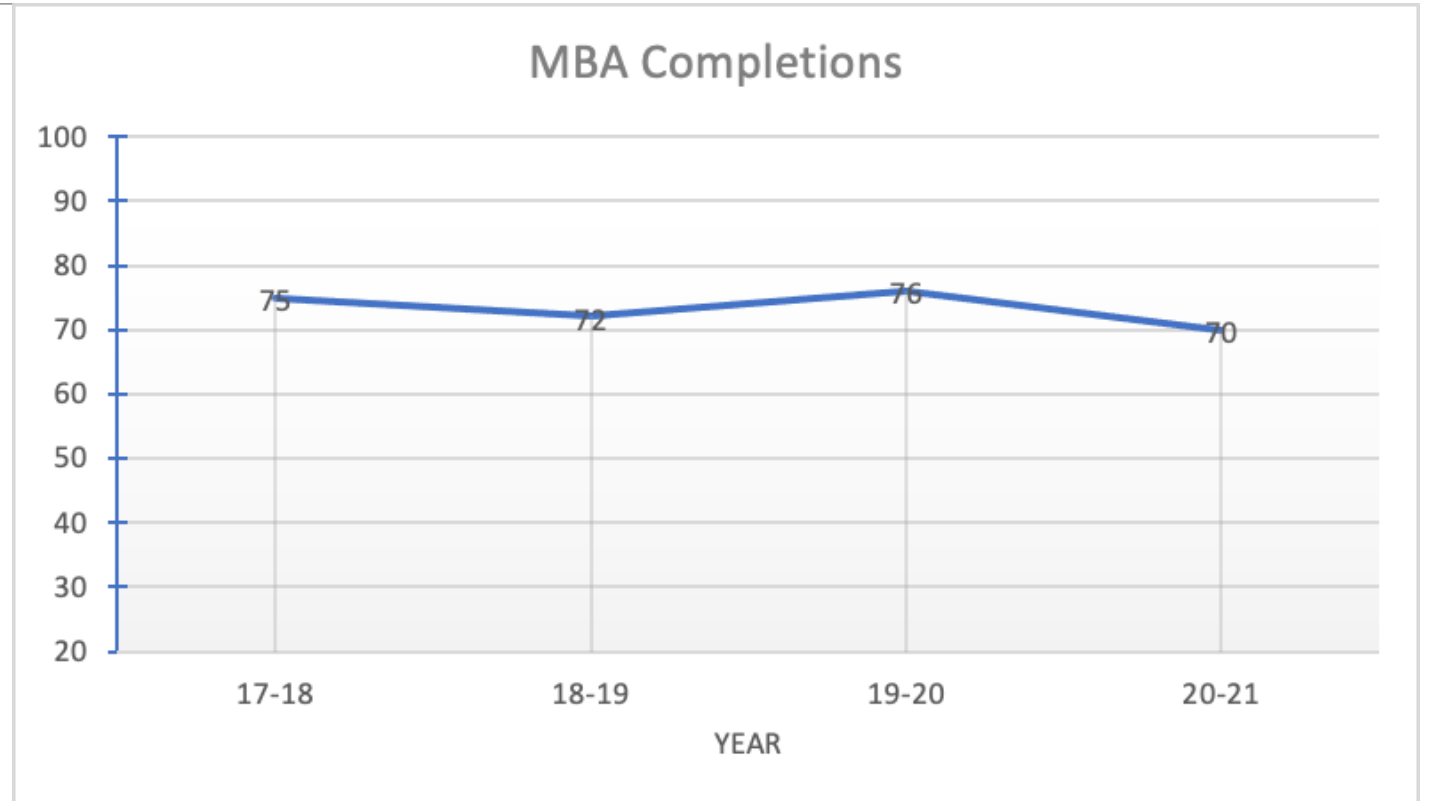

# Retention Rate

Retention rates have remained relatively constant through this time period.

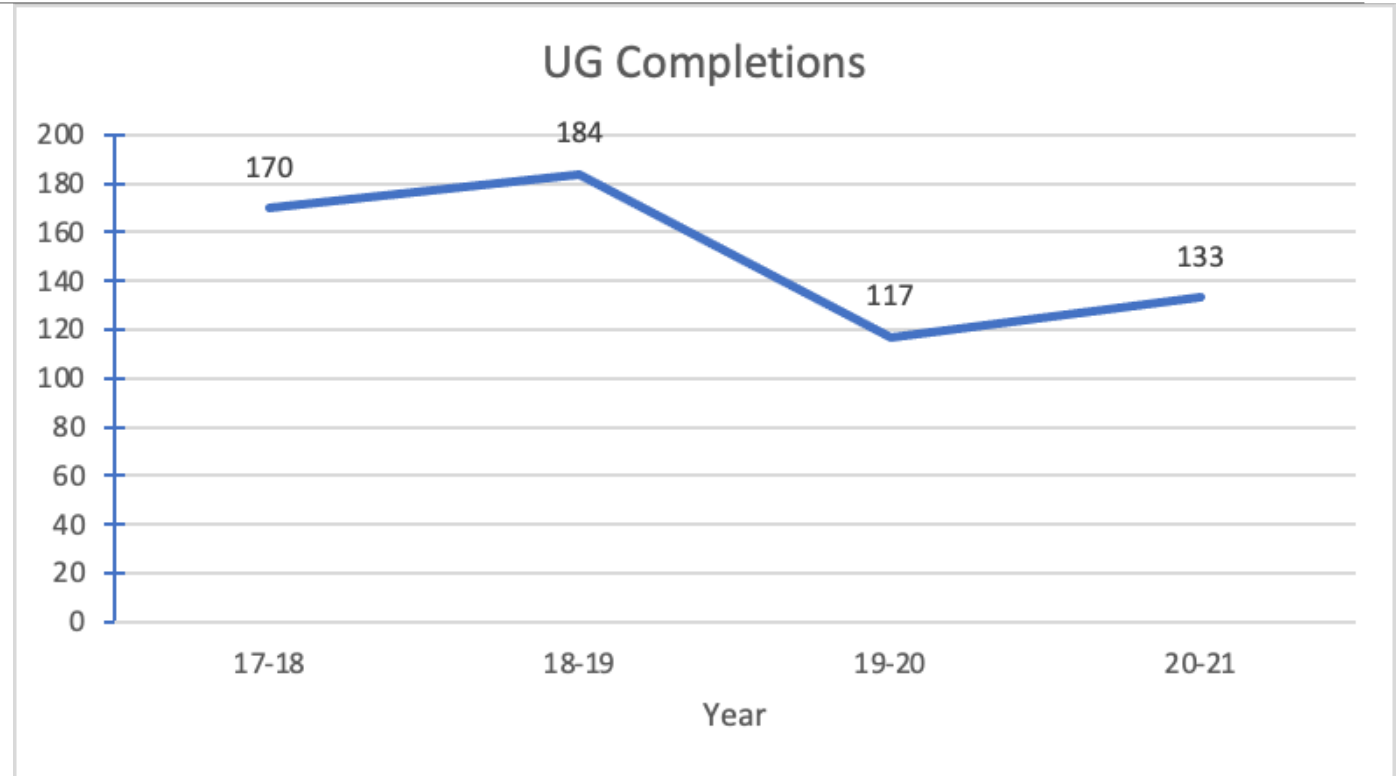

# MBA Completions

MBA completions have remained relatively constant through this time period.

# Undergrad Completions

Undergrad completions have declined through this time period.

# Undergrad Placement

While the pandemic affected job placement following graduation, many of our graduates chose to continue their education. Our accelerated bachelor's to master's program, allowed an increasing number of students to begin MBA studies while still undergraduates.
